

Dear Chris - I wanted to express my concerns regarding the proposed bill SB 105. I am a parent of a 12 year old child with Autism. My family and I have just gone through 8 years of the public school system where we allowed the PSD district to provide their own experts and ABA services. I can tell you that this was an abject failure. The amount of resources allocated was never an issue. The biggest issue was inconsistencies, methods and communication. Our school district which has a very good reputation was simply unable to provide the necessary environment that my son needed to succeed. Do not allow this bill to move on as many more children throughout the state will be subject to an unproductive and mishandled program. Sincerely, Robert J Lenihan, 107 Drum Hill Rd Wilton ct 06897. 203 563 9957.
